## Two Lady Pedes Alone in DC

Hey pedes! I'm 30 years old and my mother and I are taking our very first mother daughter trip together. We are STOKED! My husband is not... not because he doesn't <sup>100</sup> support what we are doing but because he is scared we are going alone, (he is staying home with our 3 year old) We are flying, and the airlines don't allow pepper spray even in check-in luggage. I tried to have some shipped directly to the hotel via Amazon prime a few days ago, but Amazon apparently has restrictions on certain items being shipped to businesses.

My only plan is to try and find some when we get to DC... but we don't land until 8pm on the 5th. I have no clue how easy finding it in DC will be, or how dangerous (if at all) just traveling to find some is alone etc.

Neither my mother or I have been to DC before so I don't know what to expect or the area or how easy it will be finding pepper spray. Any suggestions, advice, or info for me as far as that goes? I get why he's nervous and to be honest I am too a little. But THIS. IS. HAPPENING.

Get wasp spray instead. Easy to get at any hardware store or walmart. It has a longer spray radius and will down the enemy fast. The bonus is it can cause permanent blindness. It's also a lot cheaper.

Lmao the bonus. You made me smile. But the area... are there plenty of shops that would sell that in close walking distance to area around capital? My only concern is even traveling alone to get some when we land at 9pm. Ok just getting nervous. 😞 and having my mom with me I feel responsible for her safety too

There is at least one Walmart Superstore pretty close to the Capitol building, and closer to the Union Station. Within walking distance, I had a hotel about between the Capitol building and that and walked. I bought a few things from there when I spend a few days there during the Obummer era before flying to the west coast (tourist trip, I saw a few people I know in USA - I live in northern Europe - plus tried to fit as many famous places to a few weeks as possible - but the highlight was definitely getting to gun range a few times).

Good luck. I wish I could have visited later, or get there now. Make a difference! We all need your

shining city upon a hill Reagan talked about. An example for the rest.

16 ▼ I'm old and going alone. There are going to be so many patriots there to protect you. We will be outnumbering the bad guys. Common good sense, take a taxi from airport if possible. Don't go out in evening. Heck, live large and get room service. Don't be afraid we have real men attending.

6 ▼ You won't find any pepper spray in DC. At that hour of the night Walmart, Dicks, etc will be closed by the time you get to the store on the VA side.

I'm assuming you are gonna Uber from DCA to your hotel in DC. Depending on where you are in DC, the area is probably safe for walking around. There will be lots of Patriots, just hook up w a group.

1 ▼ Good point. If OP is carry on and they don't have to wait for Uber, they should make it just in time.

4 It's actually regulated by airlines. My airline doesn't allow it at all.

4 Wasp spray is a good deterrent. Shoots a stream out about 15 feet. Aim for their eyes, that will stop them in their tracks. Then follow up with a baseball bat if you have one handy.

2 Ok so the airports are not in DC proper. I would get a taxi or Uber from the airport to a Target in the burbs. Then continue on to your hotel either by Uber/taxi again or Uber to metro and take that to the hotel. The MD & VA suburbs are fairly safe esp near most Targets. Do some googling so you know which one looks closest/safest.

2 Find a group go with. One good way is to call your local GOP group.

0 Keeping our kid while me and my mom take a trip together, just us for the very first time, to a historical event about an issue we bond over...? Yeahhhh that's a real dad and a real man. Def not beta.

0 Moms need to be at home with the kids. What are you guys going to do if you get stuck there?

2 Whatever I need to... while knowing my kid is 100 okay with her dad AND her paternal grandmother. I'm making an effort to go and do something that means a lot to me... and y'all give me this feedback for asking about pepper spray? It's fucking rude.
